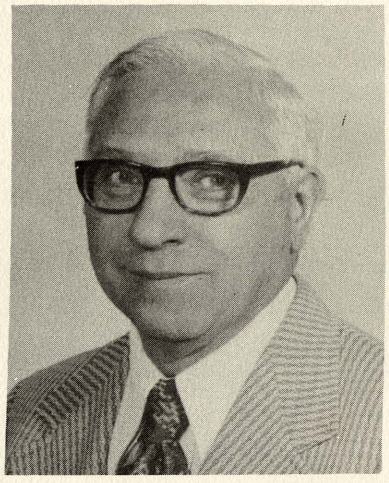
PRINCIPALS' 1974 YEARBOOK MESSAGE



We are always proud of the generous response given by the pupils and staff at Arthur Eddy to all occasions of school, community and city needs.

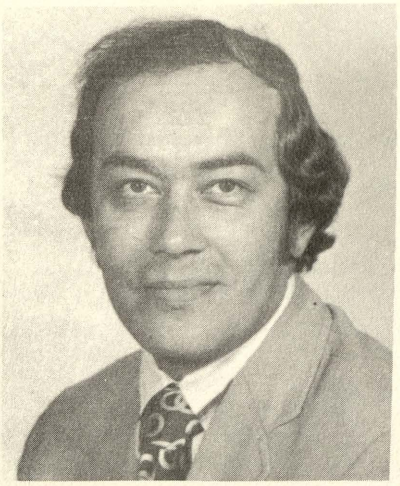
Hours and hours of extra unpaid time and effort have been given by a large number of our students and many of our staff adults in order to be of help in many ways to needy pupils.

To our outgoing Ninth Graders, we wish you every success in your future in high school and in life. We hope you will fondly remember your days at Arthur Eddy.

Sincerely,

Robert H. Speer
Principal

ASSISTANT PRINCIPALS



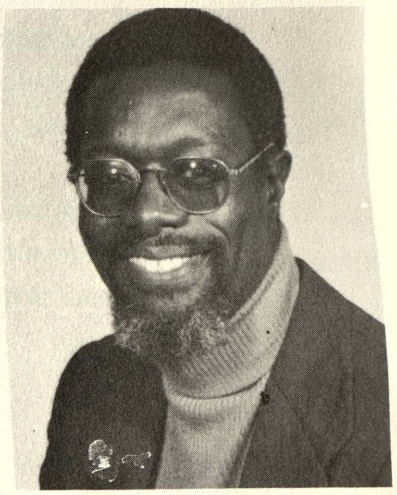
I would like to say that this has been one of the most successful years we have had at Arthur Eddy School. I think the reason for this success is the wonderful attitude and school spirit of our students and staff. I hope that this enthusiasm and drive will carry over in the years to come.

I would like to give a special thanks to the Ninth Graders who gave us the needed leadership and to those students who took a part in our many school activities.

Sincerely,

Gerry R Garcia

Gerry R. Garcia



During the past school year, you, the students at Arthur Eddy, have made numerous outstanding contributions in academics, athletics, and general good spirit and conduct. I feel fortunate that I was able to be here and to witness your achievements. It is obvious that many of you believe and are following the suggestion of Arthur Eddy's school motto: ,,Aim for the Best''. Let's keep that idea in mind in the coming years. UMOJA.

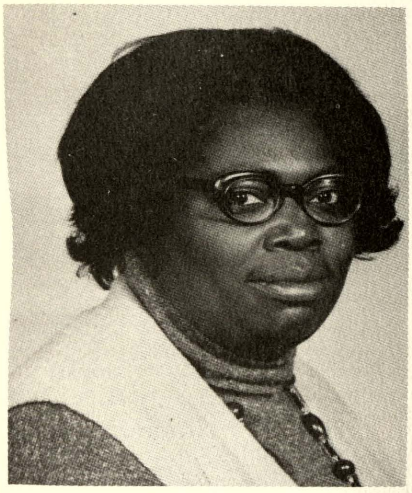
COUNSELORS



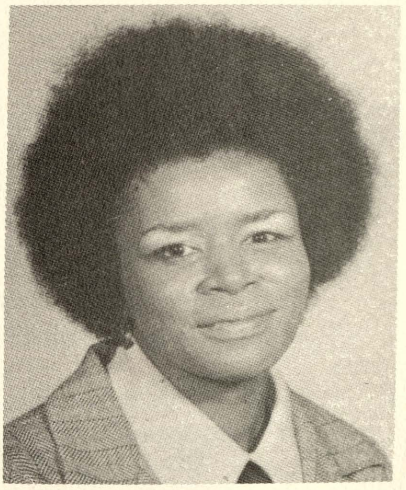
How swiftly, it seems that the 1974-74 school year has passed! It has been a good, wholesome, rewarding year for us at Eddy. I am sure you have heard and read many articles on the subjects of performance and accountability. Each of us - student, teacher, administration, parent, and supporting staff, is accountable for how well we perform our tasks in education.

Do hope that everyone has accomplished some measures of success in meeting the educational goals that provide self-understanding, self-respect, self-control, and self-satisfaction.

Best wishes to everyone and always "aim for the best".

Sincerely,

Carrie Martin, Counselor

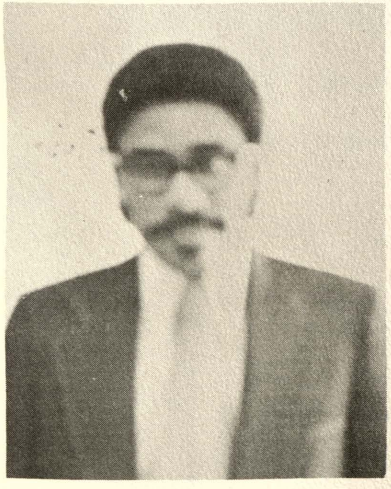


As a closing thought at the end of the 73-74 school year here at Arthur Eddy, I would like to share with each of you one of my favorite quotes by Lawrence Craig-Green:

". . . people so seldom say I love you . . . and then it's either too late . . . or love goes, . . . " so when I say I love (all of) you, . . . it doesn't mean I know you'll never go . . . only that I wish you didn't have to.

Sincerely yours,

Mrs. Patricia A. Clark
Environmental Specialist



It has been a pleasure working with you here at Arthur Eddy, and I am sure you are looking forward to high school with a great deal of anticipation. Hopefully, you will find the atmosphere a pleasant one; one in which you will benefit from the various curricula as well as the extra-curricula activities.

Sincerely,

Y. T. Gray

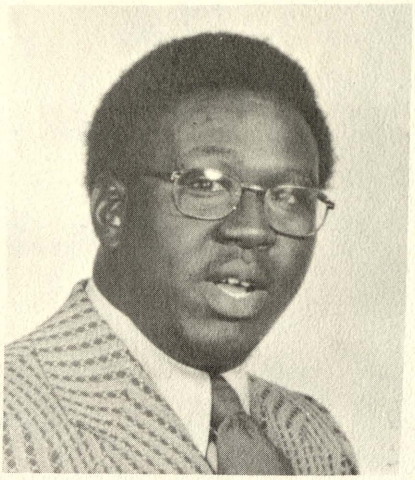
ACTIVITIES

DEDICATED TO MR. ADAMS



George Adams, counselor and member of the faculty, was born in 1941 in Columbus, Georgia. He has lived in Saginaw for six years.

He attended William H. Spencer High School in Columbus, Georgia and earned a B.A. degree in Health and Physical Education at Morris Brown College; he later did graduate work at Atlanta University where he earned a M.A. Degree in Counseling. He is presently a candidate for the specialist degree in administration at Central Michigan University.

He is a member of Bethel A.M.E. Church, where he serves on the Stewardship Board. He served in the Army Reserve for six years where he attained the rank of Sergeant and has, also, had five years experience in the Post Office.

In 1968, Mr. Adams became counselor at Arthur Eddy, and for the past two years he has coached football and basketball. Since coming to Saginaw he has been involved in many community activities, such as: Parent Teacher Counsel, and Past President of his fraternity.

He would like to tell all students that "education is the key that opens many doors." Each one should try to learn as much as he or she can. How well you apply yourself will decide whether your goals will be attained or not.

Mr. Adams is married and has two sons, Terry and Corey. His wife, Marilyn, is a teacher at Longfellow School. I am sure that they are as proud of him as we are.
